Elections Reimagined

The New Voter Experience (VX)

- ▶ Seamless, Efficient, Modern
- ▶ Accessible technology that adapts to me
- ▶ Humanly Verifiable - Humans do not read barcode.
- ▶ Trusted process, Verifiable results

Working side-by-side with election professionals for more than 100 years, Hart is committed to helping advance democracy one election at a time.

Hart's mission fuels our passionate customer focus and a continuous drive for technological innovation. The result is Verity® – truly different election technology. Reimagined from the inside out, Verity Voting promises to provide jurisdictions with a future-proof investment in secure, transparent voting.

Citizen Voting Experience

The Lines Moved Fast

AutoBallot automates ballot style assignment using voter check-in credentials from any electronic poll book. A quick scan, print, and voters are off to mark their ballots.

I Just Got My Ballot And Voted

Our technology ensures the right ballot, so all voters recall is a quick and seamless process.

Easy

In third-party testing, Verity scored higher on voter confidence, voter accuracy, and voter satisfaction.

Get the right ballot. Every time.

This screenshot shows the 'Select a precinct from the list' interface. At the top, there are 'Menu' and 'Help' icons. Below the title, a search bar contains the text 'Start typing to filter the list...' and an 'X' icon. A list of precincts is displayed: '101. A', '101. B', '102' (which is highlighted with a green checkmark), and '103'. To the right of the list is a numeric keypad with buttons for 1, 2, 3, 4, 5, 6, 7, 8, 9, 0, and an 'ABC' button. At the bottom, there are 'Cancel' and 'OK' buttons. The status bar at the very bottom shows the time as 6:22 PM, the date as Wednesday 11/17/2020, and battery status as 0%.

This screenshot shows the 'Confirm Ballot to Print' interface. At the top, there are 'Menu' and 'Help' icons. The title 'Confirm Ballot to Print' is centered. Below the title, the text 'Confirm your selections' is followed by instructions: 'To print this ballot, touch "Yes,"' and 'To exit without printing a ballot, touch "No, cancel"'. The selected precinct is 'Precinct: 102', the language is 'Language: English', and the quantity is 'Quantity: 100'. A 'Change Quantity' button is located below the quantity. Below this, the question 'Is this correct?' is followed by two buttons: 'Yes, print the ballot' (highlighted in blue) and 'No, cancel'. The status bar at the bottom shows the time as 6:23 PM, the date as Wednesday 11/17/2020, and battery status as 0%.

Print just one, or up to 100 at a time.

Election Administration Experience

Precise Picks

AutoBallot, a handheld companion to Verity Print, automatically selects the proper ballot style based on information obtained during the check-in process. This ensures accuracy, speeds up the voting process, and shortens lines.

Simplify Complexity

With the potential for thousands of ballot styles at each site, AutoBallot ensures voters always receive the correct style.

Plays Nicely With Others

AutoBallot works with any electronic poll book that can produce AutoBallot's simple barcode format.
